

*Starting Saturday March 23, a different riddle will be posted on our website each day at various times for 8 consecutive days.*

*We will also post the riddles on our Facebook page so remember to “Like Us” there, otherwise you’ll just have to keep checking our website throughout each day. We will also post some hints on our Facebook page from time to time, yet another reason to “Like Us”.*

*You will most likely need to solve each riddle in order to figure out the final location of the engraved tag. This year, each riddle refers to a location along or gives specific information relating to a continuous route throughout Glastonbury to the final spot.*

*And for those who think Glastonbury residents will have an unfair advantage, using on-line tools should allow anyone from any location to be able to solve the riddles.*

*Since we really do want to give away this bracelet, if nobody finds the engraved tag by 10am on Tuesday April 2nd, we will begin posting the answers to riddles 1 through 7 on our Facebook page on consecutive days starting April 2nd. We have confidence that after releasing the answer to the 7th riddle, it will then be a mad dash to the final spot...speaking of which, please don’t mess up the town or break any laws trying to get to the final spot.*

*Oh, and by the way, for the entire month of April we will also be having a Storewide Anniversary Sale. Sorry, we can’t give anything else out for free as we do have bills to pay, but we are offering some very nice discounts over our already everyday low prices so stop by to take advantage of this once a year sale!!!*
